I called [redacted] to see how the ceremony went. She said it was very nice - got started a bit late because one of the recipients was late in arriving. She'd ordered a van to take Mr. Waller's guests and the Agency photographers downtown.

She felt that Mr. Waller and the Director made the most impressive team of all the other award recipients and their agency heads. The Director did a nice talk and Mr. Waller appeared to be very proud.

She thanked us for all the work we did but I assured her that someone in the IG's office had done most of the work in preparing the nominating documents.

STATINTL

Case closed.
